2025 PROVED THE IDEA. 2026 BUILT THE PLATFORM.

In 2026, WORTEX launched its own dedicated media and broadcast ecosystem from zero and developed into a multi-title Hungarian esports and community platform.

DIGITAL REACH INTO REAL-WORLD ATTENDANCE

WORTEX 2026 concluded in a live offline finals event in Budapest, combining on-site spectators, competitive finals, community programs, and a full-day livestream broadcast.

IMPORTANT NOTE

2025: broadcast on an established third-party StarCraft II channel.

2026: dedicated WORTEX channel built from zero.

On-site spectators*: On-site spectator figures are estimated from manual headcounts and event photos at multiple points during the day, excluding players, WORTEX staff and unrelated Gamerland visitors.

Viewers*: Unique viewers during the broadcast.

VOUCHERS & COUPONS

BUILT BY THE COMMUNITY. BUILT FOR THE COMMUNITY.

WORTEX is built around competitive integrity, community involvement, original ideas and long-term growth.

COMMUNITY FIRST

The community is not just the audience — they are part of the event.

INDEPENDENT & AUTHENTIC

WORTEX grows from the scene itself, with its own identity, direction and voice.

COMPETITION WITH PURPOSE

Structured competition designed to create meaningful stories, rivalries and progression.

MORE THAN MATCHES

Original content and audience activations make WORTEX more than a tournament.

BUILD, TEST, IMPROVE

Every season is used to learn, refine and create something stronger.

LONG-TERM THINKING

The goal is to build a sustainable esports and community platform, not a one-off event.

Competition brings people in. Community gives them a reason to stay.
